intro

yeah this is basically just my old book but im less of an ass about everything. actually made this in a good mood so squish x bramble isnt quite as low as it should be

and if you're unfamiliar, i used a warrior cats ship tier list and put the ships in tiers and then named the tiers and then wrote the tier names n stuff

lettuce begin

idk who you are

these are the cats that got basically nothing

Jackdaw's Cry x uh someone else - i read dotc i just forgor these guys

Leopardstar x Sunfish: who th sunfish

Moth Flight x Micha: IM WORKING ON IT OK

Nightcloud x Pickle: WHO IS PICKLE WHAT HELP

Gray Wing x Slate: gray wing STOPPP just love turtle tail omfg (who is slate)

Hazieltail x Poppycloud(yes that is how it is spelled): WHO IS POPPYCLOUD??? the picture for poppyfrost is one there and hazeltail's picture but i understand not

Nettlepaw x Perchpaw: wth

Daisy x Floss: floss is a silly ass name bro :sob: i was upset by fliss from cattails but floss is just a whole new level lmao

Pebble that rolls down mountain x hollyleaf: WHO??????? WHO XHOLLYLEAF?? long ass name :|

that would conclude this! these ships will not be in the regular tiers ^^

just friends!! ^^

c a ts

Poppyfrost x Jayfeather: let him have friends pleaseeee

Leafpool x Sorreltail: let Leafpool have friends pleaaazaaaaaaaasfjisjiefijiojg

Sunstar x Thrushpelt: let thrushpelt have friends OMFG PLEASEEQEQSDFGRE

Spottedleaf x Mousefur: I remember them exchanging words one time! crazy right?? woah...

Quick Water x Falling Feather: friendos

Dustpelt x Sandstorm: silly recovered bullies having a good platonic time

Goosefeather x Pinestar: please let pinestar have friends. this goes for goosefeather, too, please stop shipping him with stormtail nooo stop it stop no

Spiderleg x Sootfur: Spiderleg x nobody!!

Firestar x Dustpelt: love the implication that they made up cuz dustpelt mentor squirrelpaw who is firestar daughter and its just so cute wahh
friends tho

Jayfeather x Cinderheart: i dont get this one, but i never did so dont feel bad if you like it at all. theyre friends for me tho

Jayf x Willowshine: chapter title

Harestar x Tigerheart x Breezepelt: Breezepelt and Tigerheart are DEFINITELY friends, but please stop shipping harestar, hes not fun

to ship, hes just generally a bad character and nobody cares about him. somehow putting him in a relationship, even if was gay, would just make him more boring, im sorry

Shellheart x Hailstar: i dont really want shellheart to remarry. i like him the way he is, and id like him to stay the way he is

Nightcloud x Sorreltail: not even friends idk why i put this here

Runningwind x Redtail: sorry but friends

that would conclude this one!!

fly into the depths of hell.

my least favorite ships (**DO NOT FEEL BAD IF YOU LIKE ANY OF THESE. I DO NOT CONTROL YOU.**)

Needletail x Rain: Needletail is hot but ok rain??? needle RAIN??? WTF????????? HE IS LITERALLY A BACKGROUND CHARACTER?? please marry someone with a personality ok pookie?? for everyone's sake?

Leopardstar x Mistystar: im sorry but leopard isnt capable of love outside of sasha sooooooooooooo

Briarlight x Dovewing: whenever i see this in those "favorite warrior cats ships **emotional**" i want to die

Darktail x Sleekwhisker: sorry what??

Darktail x Hawkwing??: somehow this is worse...

Leafstar x Sol: he stole her babies???

Moonlight x Sol: this fandom is sick

woof i made it thru
that would conclude this one!! :D

ew

this is for ships i genuinely dislike and when presented actually physically said "ew" as a reaction. same rules apply for last chapter, dont feel bad for liking these ships, its my opinion :3

Mapleshade x Spottedleaf: "just like 80's films we'll hook up in the back seat and let my best friend drive :pleading_face:" if ykyk yk?? (im so sorry)

Mapleshade x Nightcloud: what is it with the random ass mapleshade ships wth

Squirrelflight x Nightcloud: nightcloud would despise squish >XD

stupid antpelt ship, move along

Ravenwing x Birchface: ravenwing was SPECIFICALLY opposed to forbidden love

Blackstar x Russetfur: old man x old woman. too straight for me :yawn: (im so sorry im like this)

Heathertail x Lionblaze: lionblaze is a terrible person :100:

Bumblestripe x Dovewing: obsessiveeeee, booooooooooooooooring, yawwwwwwwwwwwwwwning.

Cinderheart x Lionblaze: was about to put them in never met :skull:

Crowfeather x Feathertail: creepy to me that crowfeather based all further life details on feathertail (his adult lover leafpool)

Firestar x Spottedleaf: moonkitti is right, they are r e t c on n eosjfoidjfoiog

(you can see where i gave up here cant you)

Appledusk x Mapleshade: kms

Goosefeather x Hawkheart: im about to lose it! everybody step away its coming! (please dont take this out of context no stop HELP)

Hawkfrost x Leafpool: but hes evil and horrible and also in love with ashfur?? get it together :|

Ashfur x Brambleclaw: bramble must be single

Mapleshade x Smoke: omgggg stopppppppppppppp

Bristlefrost x Needleclaw: needleclaw is like that one child at your school who yells at you for accidentally saying a curse word

Ivypool x Bumblestripe: bumblestripe doesnt deserve love

Bramblestar x Sorreltail: kill me already

that concludes ew!

i dont rlly like

i dont have as strong an opinion on these as i do in "ew" or the one before that (i forgor name) but i still dont love it

Oakheart x Graypool: idk it just feels unnatural. oakheart loves thrushpelt too soooooooo

Berrynose x Honeyfern: makes me feel bad that berrynose loves honeyfern more than poppyfrost. dont think honeyfern would support that. maybe she'll get a twigbranch-like scene?

Brightheart x Daisy x Cloudtail: i dont like poly ships with cloudtail because he would pick a favorite and make everyone feel horrible

Whitewing x Hawkfrost: go for it if you care but i d o n t

Squirrelflight x Leafstar: Leafstar was leader before squish was born and i dont love that but other than that its pretty cool if leafstar wasnt a single queen (i want her to be that way please please BILLYSTORM BACK OFF SHES MINE)
im joking
help
no
stop

Sparkpelt x Larksong: idr them

Spotfur x Needleclaw: wtf

Brambleclaw x Squish: I dont love it, seeing as though bramble is abusive but i mean in a few scenes they're pretty cute and honestly, they just feel destined. plus, its warrior cats, and even though there is a completely cannon book explaining exactly why i should hate these two, my perception of brambleclaw is just a guy who wants to have a brother to love, and even if he is evil he likes sharing his issues with hawkfrost, it helps him. he just wants to find someone

who can relate to him and just wants to be loved. little does he know, squish has plenty of that and will not hesitate to give <3 :D

Bristlefrost x Stemleaf: never liked it from the beginning. briss just sounds like an annoying teenager following adults around and confessing her love to the 30 year old man trying to go on a date with his girlfriend

brambleclaw x stormfur: bramble no ship

brambleclaw x jessy: bramble no ship

brambleclaw x crowfeather: bramble AND crow no ship

Blackstar x Littlecloud: littlecloud belong with cinderpelt forever and ever and wahh cute cindercloud is cute. blackstar is not

Cinderpelt x Sandstorm: no

Clear Sky x Bright Stream: no ty

Clear Sky x Storm: just no

Crowfeather x Leafpool: i already went over why i dont like shipping crow in the ew tier

crow x hare: omg STOP SHIPPING THESE TWO OMFG AHHHHHHHHHHHHHHHH

Crowfeather x Nightcloud: at least they had the hell of a child breezepelt haha i love him hes an asshole but hes my asshole and i love him

Crowfeather x Squirrelflight: kill me kill me !!

Daisy x Squirrelflight: daisy no ship >:(

Appledusk x Reedshine: i dont. care. about. mapleshades. vengeance. stfu. no one love syou

Fallen Leaves x Hollyleaf: therapy first you guys !!

Fallen Leaves x Jayfeather: therapy first you guys !!

Fallen Leaves x Flametail: therapy first you guys !!

Frecklewish x Reedshine: somebody end it

Tigerstar x Sasha: abuse = bad (also killing people please dont do that)

Gray Wing x Storm: gray wing u made turtle tail cry :(

Ashfur x Squirrelflight: tbc moment??

Bluestar x Goldenflower: osfijsidofjsdjif

Smudge x Princess: "if i cant have rust man ill take his sister!"

Darkstripe x Silverhawk: boring, yawning, darkstripe is a simp

that concludes this long ass chapter (i cannot keep my eyes open. send help. it is 1:00.)

good concept, but eh

this is for ships i think have a good concept, like a good idea but not with these characters/their situation

Jayfeather x Kestrelflight: i think kestrelflight MIGHT be in love with jay because he gave him the herbs almost completely without question. if that isnt devotion, i dont know what is

Squirrelflight x Moonlight: i get it, but squirrel was in too tough a time to try and develop feelings of some sort of other cat. they met each other in too bad a time.

Needletail x Sleekwhisker: they didnt talk enough, but cool, calm, strong sleekwhisker (but actually furious and evil sleekwhisker) and sparky needletail is so damn cute idek

Sandstorm x Silverstream: i like that theyre both fiery women but with this they would annoy each other, which is a *good concept, but eh*

Snowfur x Thistleclaw: i liked this before the big S's H, yknow??? if ykyk, yk? and im not gonna go further. dont ask questions you dont wanna know the answer to

Snowfur x Thrushpelt: literally chapter title

Cloudtail x Swiftpaw: they switched around the striped-patches tabbies involved with the dogs. insert chapter title here.

Tigerstar x Scourge: haha lmao unfortunately....
uh.....murdermuder!!

Firestar x Graystripe x Sandstorm: id love this, except sandstorm and graystripe ARENT romantically involved. i like it like that.

River Ripple x One Eye: i can see how this is like sleek x needle kinda, but chapter title unfortunately

Mistystar x Mousefur: love that theyre both angry women (in the time frame mouse would be alive) but they wouldnt be able to stand each other. it sucks that sometimes two angry men/women cant work because they would hate each other.

Blackstar x Stonefur: tigerstar x scourge

Clear Sky x Star Flower: eh

Daisy x Ferncloud: the nursery women, except daisy must be single

Daisy x Brightheart: kill kill kill!!

Dovewing x Dawnpelt: with the sister !! except they would hate each other

Firestar x Ravenpaw: quite adorable. i like them better in a poly relationship with graystripe

Frecklewish x Mapleshade: except frecklewish hates her

Frostfur x Yellowfang: the baby eater becomes foster mother of the babies she "ate", except shes old

Goldenflower x Sasha: never met

Gray Wing x River Ripple: aw concept

Jayfeather x Foxleap: foxleap is silly and jayfeather is not. i just dont love it with these characters (let jayfeather have friends moment)

Breezepelt x Harestar: evil men where one stays evil except stop shipping breezepelt and harestar

Sandstorm x Princess: with the sister !! except they would hate each other

Feathertail x Brook: didnt meet enof

Squirrelflight x Jessy: didnt like each other enough

Thrushpelt x Bluestar x Oakheart: this but no bluestar and youre

sold

that would conclude this one >:D

special

this is for cats i made a tier for their special situation, except they were the only ones there... :| (deleted the tiers)

Leafpool x Cody: Cody is a childhood crush, and it was returned by Cody for Leafpool but neither of them knew so they were awkward around each other and could've gotten into a relationship but didnt (childhood crush FAILS??? **EMOTIONAL**)

Ashfur x Scourge: its a meme, please keep it that way

Tree x Violetshine: violetshine doesnt deserve love but the way she describes their convos: "as cocky as he was, violetshine was starting to like tree"

Turtle Tail x Bumble: bumble likes turtle but turtle likes gray

Yellowfang x Raggedstar: cute but uhhh idk

Sol x Purdy: because purdy is a sol apologist lmfao honestly i love it but unfortunately hes a little old... DAMN YOU WARRIOR CATS!

Mousefur x Purdy x Longtail: still think purdy's a little old for this one. pretty sure he remembers when his mom was eaten by a t-rex. he should be studied in a lab

Alderheart x Puddleshine: have to add Fidgetflake or im going to FREAK OUT

Firestar x Onestar: cute except firegray :(

Goldenflower x Tigerstar: i like their personalities together: if tigerstar were as bluestar saw him before the betrayal, this is so cute

Hazeltail x Hollyleaf: hate this but had to put it here because hollyleaf shipped with women is just g o od

Bluestar x Goldenflower x Yellowfang: idkkk concept but dammit put this one in the wrong category

Yellowfang x Russetfur: old

that would conclude this one!!

never met

these cats never met in cannon!

Squirrelflight x Shrewpaw: literally never interacted, just retconned

Russetfur x Sasha: for a lot of these im not gonna put anything

Smoke x Sasha

Briarlight x Rosepetal

Antpelt x Breezepelt

Harestar x Antpelt

Bluestar x Thrushpelt: i like this one a lot less cuz like... idk it makes me kinda uncomfortable, i mean ik thrushpelt isnt bumblestripe but the situation is scary are i dont rlly like

Alderheart x Velver: (keepin the r) its cool, its cute, just alderneedle, yknow? or single alder, too, yknow...

Billystorm x Leafstar: cool, cute

Firestar x Smudge: they work well, theyre friends, smudge just needs as upgrade (or firestar needs a significant downgrade... :0

Half Moon x Jayfeather: cool, cute

Alderheart x Fidgetflake: Add a puddleshien in here and i love it

end

i like this ship!!

ships i enjoy

Littlecloud x Whitethroat: went through a lot together, they deserve one good thing

Minnowtail x Mousewhisker: implications are fun

Sunstar x Moonflower: would make sunstar like a father to blue and that is too cute

Nightcloud x Leafpool: if you can somehow just squeegie feathertail in there, mmmmm perfect ship

Nightcloud x Feathertail: its missing leafpool you guys...

Tallstar x Barkface: cool, cute, but more positive

Tawnypelt x Rowanclaw: tawnypelt misses him and thats cute

Sasha x Feathertail: if sasha stayed AND leopardstar and sasha somehow *werent* in love...

Tawnypelt x Feathertail: they both had clan problems and thats honestly quite cute

Gray Wing x Turtle Tail: took too long for them to love each other, but still cute

Whitestorm x Willowpelt x Brindleface: as much as i love whitestorm ships, i dont think he likes brindleface like that. i think theyre good friends, hed want someone fiery, but still sweet, and that person is willowpelt and i love that for them

Windstar x Gorsestar: mostly just love this one because of that one pmv map

conclude this tier!!

this ship is pretty good! i really like

i like this ship!! but stronger like

Leopardstar x Sasha: as much as i want to wish that leopard isnt capable of love, she is for sasha and thats sweet

Violetshine x Zelda: super super cute except, again, violetshine doesnt deserve love

Blackstar x Sol: well maybe sol was bribing him with something... (please dont take that the wrong way 👄)

Alderheart x Needletail: they balance each other out and thats sweet

Cinderpelt x Silverstream: i like how cinderpelt felt REALLLLLLLY bad for letting silver die. i wonder why...?

Ferncloud x Feathertail: that moment when feathertail blushes

Featherwhisker x Thrushpelt: put this in the wrong tier and i know why. shouldve gone in good concept but while trying to drag a different thrushpelt ship i dragged this one up

Alderheart x Puddleshine x Fidgetflake: finally the relationship is completeee

Whitestorm x Willowpelt: remember this one but with brindleface? the explanation of why i didnt like the poly one, ok? they fit

this is the end

Leafpool x Mothwing: the them!!

Firestar x Longtail: they are in love

Rootspring x Bristlefrost: a classic, rootpaw is so cute omg

Twigbranch x Finleap: they make up at the end of raging storm, and honestly i have a lot to say about this, its just so cute. their loyalty to each other, the happiness they bring to each other, its so brightheart x cloudtail. like the kits thing is their cloudtail and daisy. they go through a rough patch and thats fine, all relationships do. finleap just needed some times, yknow?

Thrushpelt x Graypool: the fake lovers ＜3

Spotfur x Stemleaf: they are so cute omg

Longtail x Mousefur: stuck in the elder's den together... I MEAN???? implications are fun

Snowkit x Mosskit: my heartttttttttt

Bluestar x Rosetail: the them!! a map call for this has one of my favorite songs of all time, so thats a w. its closed, but so you can keep an eye out for this map!! https://www.youtube.com/watch?v＝9_FLxJn1GYM&list＝PLvhPaYv1Fnll5IpF68JQycUpa3b_Tp8iH&index＝7 (unfortunately youre gonna have to copy word by word if you actually want to get there. looking up "kiss her you fool map call" will probably get you there. it looks like this:

Blossomfall x Ivypool: ugh they are perfect together

Bluestar x Crookedstar: crookedbreeze is cuter but crookedblue is just generally better in quality

Briarlight x Jayfeather: i love this so much that i even have a story about them here! please dont find it because its old and bad

Cinderheart x Hollyleaf: i have a story about this one too but find this one because i like it :(

Tigerheart x Dovewing: cmon they are perfect for each other. the circumstances were bad and they went through rough patches, but that made their bond stronger imo and i just really really like them. glory for tigerdove!

Firestar x Sandstorm: good morning, mr. and mrs. warrior cats!

Firestar x Graystripe: COME ON. if you get rid of the r in graystripe's name... well ... yeahhhhhhhhh....

Whitestorm x Redtail: again, theyre like perfect for each other omg

Berrynose x Lionblaze: they belong
